

Potley Hill Primary School Children Looked After Policy

Aims

Schools have a major part to play in ensuring children who are looked after (CLA) are healthy, safe, happy, and are able to make a positive contribution to society. The purpose of this policy is to ensure that every CLA is able to achieve their full potential.

Our policy aims to support educational achievement through:

- Ensuring smooth transition
- Promoting attendance
- Targeting support
- Having high expectations
- Achieving stability and continuity
- Early intervention and priority action
- Listening to children
- Working in partnership with carers, social workers and other professionals.

Virtual Schools

The Virtual School for children who are looked after does not exist in real terms, or as a building. Children do not attend it - they remain the responsibility of the school at which they are enrolled. The Virtual School is simply an organisation which has been created for the effective co-ordination of education for looked after children.

The Virtual School operates to collate and track the information about children and young people who are looked after as if they were in a single school so that their progress can be closely tracked and supported and intervention can be targeted strategically.
